

LMB (Newcastle) Electrical Engineering Ltd

Quality Policy

The Policy has been established by the Director for LMB (Newcastle) Electrical Engineering Ltd to reflect the vision of the organisation. LMB (Newcastle) Electrical Engineering Ltd are committed to:

- Ensure the wellbeing and safety of our employees, visitors and subcontractors.
- Develop a sustainable customer and supplier base.
- Ensure all customers receive prompt and dedicated personal attention.
- Establishing and reviewing objectives as part of the continual improvement effort.
- To ensure the company complies with regulatory, statutory and legislative obligations and requirements.
- Continually improving the Quality Management System.

The Policy shall be communicated internally, included within the company website and made available to relevant interested parties as appropriate to the business.

The Policy shall be reviewed during the Management Review to ensure its effectiveness and continued suitability for the business. Should there be any issues identified during any business activity that may impact upon the business then the Director may deem it necessary to review the policy.
